   a) Employee must be charged leave credits for the entire period of absence.

   b) A master payroll warrant will be generated.

   c) The master payroll warrant can be released to the employee after step "a" is completed.

   d) A SCIF payment will also be issued, and sent to the employee based upon the "wage loss concept."

   e) For each pay period, a Form 674 - account receivable format, must be submitted to PPSD to document receipt of the SCIF payment.

   f) Leave credits for which the employee was charged will be reduced per the SCIF payment.

   g) The SCIF money must be recovered from Employee to offset the accounts receivable.

    This injury code is to place an employee off payroll on temporary disability.

    The following will apply:

    a) A master payroll warrant will not be generated.

    b) A SCIF payment will be issued and sent directly to the employee.

   This injury code is used for an employee who elects to receive IDL benefits. The employee is removed from pay status and placed on IDL.

   The following will apply:

   a) Employee is not charged leave credits for the pay period of absence. If leave credits are used prior to the approval of IDL, this time should be restored to the employee.

   b) A master payroll warrant will not be generated.

   c) A SCIF payment will not be issued to uninsured agency. Only a SCIF Form 290 will be sent to the agency approving the disability. An insured agency will receive a SCIF check, but the employee is <u>not</u> entitled to receive it (see S.A.M. Section 8538.5).

   d) For each pay period, a Form 674D <u>must</u> be submitted to PPSD to request IDL pay.

7. For Job Code 5 - on IDL/S (Off Payroll status)

Additional Information (cont.)

8. For Job Code 5 - ON EIDL (Off Payroll status)

    This injury code is also used for employees eligible for <u>ENHANCED</u> IDL benefits as determined by the appointing power. PAR for initial 565 transaction must reflect code 13-A in PAR item 957.

    The following will apply:

    a) If employee is no longer eligible for enhanced benefits, but is eligible for IDL benefits, additional PAR documentation is <u>not</u> required. However, STD Form 674D must request IDL at 2/3 pay.

    b) The conditions in item 6 above also apply to Enhanced IDL.

9. When an employee changes from one job incurred injury coverage to a different coverage (e.g., code 5 to code 1 or vice-versa), it is not necessary to remove employee from the initial coverage (with code 6 or 3) to place employee on the new coverage, <u>provided</u> both transactions have the same effective date.

    EXAMPLE:

Eff. Date	Trans. Code	Job Incur./Injury Code
11/01/88	565	1 (to TD/FULL Suppl.)
*11/01/88	565	6 (from IDL)
09/12/88	565	5 (to IDL)

    * This transaction is unnecessary because job incurred injury codes 6 and 1 have the same effective date.

Additional Information (cont.)

10. When a 565 Transaction removing employee from initial coverage (e.g., code 6 or 3) was previously processed, and a new 565 Transaction is processed to place employee on a different coverage with the same effective date, the previous transaction removing employee from initial coverage should be corrected to reflect placing employee on the different coverage.

    EXAMPLE:

Eff. Date	Trans. Code	Job Incur./Injury Code
11/01/88	565	2
*11/01/88	565	6 (from IDL)
09/12/88	565	5 (to IDL)

    * This transaction should be corrected to reflect the new coverage (Code 1) because it is necessary to have both transactions (Codes 6 and 1) with the same effective date.

Section 5.40 – Exempt Documentation (rev. 02/86)

Exempt transactions are processed in the same manner as civil service transactions except as indicated below.

    I.   **Processing Information**

        A. For Miscellaneous Change Transactions the following are <u>NOT</u> used for exempts: 430, 455, 555, 720, MHR, ORP and PUN.

        B. For Separation Transactions the following are <u>NOT</u> used for exempts: S02, S03, S04, S21, S32, S33, S41, S55, S56, S80, S85 and S90.

        C. Transactions moving employee to, from or between exempt positions are normally documented as appointments; however, the following exceptions are documented as separations using Transaction Code S05:

            1) moving to, from or between exempt positions when lump sum vacation is to be paid; or

            2) current PERS member moves to an exempt position covered under a different retirement system; or

            3) appointment or employment by the Legislature (House or Legislative Committees); or

            4) movement to a CSU exempt position.

        For conditions 1 & 2 above, process a S05 transaction, upon receipt of turnaround PAR, route PAR to the gaining appointing power. Gaining appointing power then processes the new appointment.

        D. For movement between appointing powers when no lump sum payment is involved (except for movement to CSU Exempt), the losing appointing power completes the PAR as follows:

Item 607 -	Time to be Paid (Old), if applicable.
Item 710 -	Intermittent Dates and Hours, if applicable.
Item 871 -	Code 01, 02 or 03 (if civil service employee accepts exempt appointment).
Line 11-	Concurring Appointing Power Signature.

        The PAR and EAR (if applicable) are routed to the gaining appointing power.

        E. For DPA Exempt, questions on the exact data required for the following items should be directed to Department of Personnel Administration:

        Items - 122, 140, 205, 210, 305 - 335, 405 - 425, 535, 603, 645 and 850 - 964.

II. **Corrective Action Process**

Corrections, voids and out-of-sequence transactions are completed in the same manner as civil service. Refer to Section 9 for instructions.

Note: DPA audits all DPA, SPB and Maritime Academy Exempt transactions from data supplied by Personnel Operations. If errors are found, DPA will request the departments to process corrective documents.

III. **Notice of Personnel Action (NOPA)**

For exempt actions it is the appointing power's option to obtain an employee's signature on a NOPA. NOPA's are issued for transactions as specified on pages 2.6 and 2.7.

Section 5.42 – INVOLUNTARY LEAVE PENDING DISABILITY RETIREMENT DOCUMENTATION (rev. 05/02)

Government Code Section 19253.5 (i) allows a department to request disability retirement on an employee's behalf, remove the employee from the job and place the employee on Involuntary Leave.

Involuntary Leave is only to be documented on EH if:
- The employee chooses not to use available leave credits or benefit programs; or
- The employee has exhausted all leave credits and benefit programs.

DOCUMENTATION

Involuntary Leave

On the day the employee is placed on involuntary leave if they chose not to use leave credits, or when the employee's leave credits are exhausted or the leave program* concludes use the turnaround PAR to process an S57 transaction and complete Item 957 with code 19. See PAM Section 3.246 for additional S57 transaction coding requirements. While on the S57 transaction status, the employee's EH record is to be updated for all subsequent personnel actions affecting the employee's position (MSA, reorganizations, reallocations, salary changes, etc.).

* Return the employee from the leave program (A03 or 565 with job injury code 3, 4, or 6 transaction) before processing the S57 transaction. Since the S57 transaction is effective COB, enter BOB in the S57 effective date hours field.

Disability Retirement Approved

If disability retirement is approved and an S57 transaction was processed, use the turnaround PAR to void the S57 and post an S71 transaction with the same effective date as the S57 transaction. If an S57 transaction was not processed, the effective date of the S71 transaction is based on the date of the application for disability retirement and an unused leave credits (see PML 2002-005 for further details). See PAM Section 3.250 for S71 coding requirements. Also, void or correct any subsequent transactions per PAM page 9.6.

Disability Retirement Denied

If disability retirement is denied and an S57 transaction was processed, use the turnaround PAR to void the S57 transaction and correct any subsequent transactions per PAM pages 9.3 - 9.6. This will return the employee to their status prior to the involuntary leave. It the employee received TDA pay and/or benefits post a 215 transaction the same date as the voided S57 transaction and enter "ON IL RET DENIED" in remarks.

Section 5.46 – OVERPAYMENT OF SEPARATED EMPLOYEE (rev. 02/95)

When an appointing power cannot recover an overpayment from a separated employee, the department shall process a "215" transaction to the employee's database record for notification to the hiring agency if the employee returns to State service. (State Administrative Manual (SAM) Section 8593.4.)

CONDITION

A separated employee owes money to the appointing power and after three months from the date of separation the appointing power is unable to collect the amount owed AND the employee separated under conditions which do not preclude reentry to State service.

APPOINTING POWER (of separation)

To flag the separated employee's record process a 215 Miscellaneous Change Transaction on the Turnaround PAR. The effective date of the 215 PAR must be the date immediately following the date of separation. However, the Turnaround 215 PAR cannot be processed earlier than three months after the effective date of separation.

Item 215 - Employment History Remarks, must be completed with "PAYMENT DUE DEPT" to flag employee's record (See PAM 2.37).

APPOINTING POWER (of re-hire)

Upon return (re-hire) of separated employee to State service, the "hiring" agency will notify the appointing power due the overpayment of the date the employee returned to State service, the employing agency and the location of employment.

APPOINTING POWER DUE OVERPAYMENT

Upon receipt of "re-hire" information, the appointing power should take the necessary actions to recover amounts owed it. Once the amounts owed have been recovered, the appointing power shall void the 215 Transaction from the employee's record.

Lump Sum Vacation Payment

➢ Payment of lump sum vacation, retained in a civil service position upon appointment to a statutory exempt position, may be requested at the employee's option any time between separation from civil service and termination of exempt appointment.

PAR Documentation

- Process a correction to the S05 separation transaction effective prior to the statutory exempt appointment (see PAM Section 9).

➢ When an employee separates directly from a statutory exempt position, documentation would be to mandatorily reinstate employee to the civil service position for payment of lump sum, then separate employee same effective date as the reinstatement.

The department which retains the vacation credits in the civil service position would be responsible for payment of lump sum.

PAR Documentation

1. Complete an A03 transaction with:
   - Item 957 - Other Eligibility Substantiation, with Code 20 which identifies type of action.
   - All other items should be completed in the normal manner.

2. Complete the separation transaction with:

Lump Sum Payment Deferral

PURPOSE/USE

Only that portion of the lump sum time that extends past the November pay period can be deferred. Employees separating under the Labor Code Section 201 or 202 must submit a written election five days before her/his final day of employment authorizing the deferral. Two separation transactions must be processed as follows to defer lump sum pay into the next tax year.

DOCUMENTATION

Step 1 – Follow instructions in PAM Section 3.200 for completion of the appropriate separation PAR transaction with the following exceptions:

- Items 620/625: Enter Lump Sum time to be paid in the current tax year. Only that portion of the lump sum time that extends beyond the November pay period in the year of separation may be deferred and issued in the following tax year.

- Line 8: Enter "877." Then, line through the "877." Item 877 is informational only and cannot be keyed.

If the separation transaction is processed incorrectly, contact the Payroll Operations Telephone Liaison Unit <u>immediately</u> for assistance.

Step 2 – In January of the following year, process a correction to the separation transaction per PAM Section 9.0 with the following exception:

- Items 620/625 - - Enter the total lump sum time due the employee including the time entered on the original separation transaction.

Employees separating under Labor Code Section 201 or 202 must be paid their lump sum payment no later than February 1 in the year following the employee's last day of employment.

If the correcting separation transaction is processed incorrectly, contact the Payroll Operations Telephone Liaison Unit <u>immediately</u> for assistance at (916) 323-3081.

Section 5.83 – REJECTION DURING PROBATIONARY PERIOD (S90) FOLLOWED BY REINSTATEMENT (A03) (rev. 11/96)

1. Rejection and Reinstatement to <u>same Agency</u>.

   The transactions may be processed as a package. Complete the S90 on the turnaround and the appointment on a padded PAR. Key as a package.

2. Rejection and Reinstatement to a <u>different Agency</u>.

   The department initiating the rejection will key the S90 transaction. Upon receipt of the turnaround PAR, the losing department will review and immediately route the TAD to the gaining department. The gaining department will key the appointment transaction. Departments are responsible for timely processing of the S90 and appointment transactions to avoid payroll problems, such as salary overpayments.

Section 5.84 – DOCUMENTING VOIDED, CANCELED OR WITHDRAWN REJECTIONS DURING PROBATIONARY PERIOD (S90V) (rev. 08/91)

After SPB notifies Personnel Operations that any of these actions have occurred, Personnel Operations will send the Department a form PSD 171 (Notice of Adverse Action), to request appropriate PAR documentation necessary to cancel or withdraw the rejection (S90). The department will submit the PAR document to Personnel Operations for keying.

Section 5.95 – SIGNATURE AUTHORIZATION FOR PERSONNEL/PAYROLL DOCUMENTS PPSD 8A (rev. 05/96)

PURPOSE

PPSD 8A, Signature Authorization Personnel/Payroll Documents, must be completed for all employees authorized to sign personnel documents. PPSD maintains a Signature Card File for use in verifying the authenticity of the signature.

Note: ONLY ONE CARD IS REQUIRED IF AN EMPLOYEE IS AUTHORIZED TO SIGN BOTH PERSONNEL AND PAYROLL DOCUMENTS.

It is the responsibility of each agency to ensure that the Signature Card File is accurate. This is accomplished by submitting changes, deletions, etc., on a timely basis.

Each PPSD 8A must be signed by the appointing power; i.e., Director. If an appointing power wishes to designate a person(s) to sign as appointing power, a letter naming such person(s) must be signed by the appointing power and submitted to PPSD. The letter must contain a sample signature of the person(s) with delegated authorization to sign as appointing power.

When there is a change in the appointing power, new authorizations must be filed. This can be accomplished via a letter to notify PPSD to continue all of the existing authorizations or submission of new PPSD 8A's.

A PPSD 8A is required to:
- add a new authorized employee
- report a name change

All other changes must be reported on the Signature Card Authorization listing. The listing identifies the agency's active signature cards on file at PPSD. A new listing is generated and routed to the agencies each time the Signature Card File is updated. This listing is to be used to report future changes or deletions.

The PPSD 8A's and listings must be sent to:

> State Controller's Office
> PPSD/Production Support Section
> P.O. Box 942850
> Sacramento, CA 94250-5878

A supply of the PPSD 8A may be ordered by calling PPSD, Production Support Section, at (916) 322-8139 or (916) 322-8141.

Section 5.99 – Transactions Requiring Pre-Approval of CalHR or Court Decision (rev. 11/07)

1. Departments are delegated the authority to backdate transactions beyond three years to their <u>date of entitlement</u> without prior review/approval by CalHR. Departments must document the basis for each date of entitlement request, and retain the documentation for review. SCO cannot legally adjust an employee's funds for transactions effective more than three years prior to the current (key) date without the PML 2007-026 or approval entered in Item 215 (PML 2007-026 – Effective 9/25/07). Please see PML 2007-026 for a complete list of the delegated functions and refer to revised chart.

   *A Court Decision is regarded as a Date of Entitlement and therefore does <u>not</u> require SPB or DPA approval.

2. Per PML 2007-026 or Court Decision, enter the required information in Item 215 (Employment History Remarks) of the PAR, the transaction may be keyed to the data base (Exception: Adverse Action – 5.70-5.71). See PAM section pages 2.36, 2.203, 9.4.2, and Glossary.

Section 5.100 – Transaction Packages* (rev. 12/89)

Two or more PAR transactions may be processed for an employee as a package. There are no limitations on the number of PAR's in a package or the number of appointing powers involved, provided the instructions below are followed.

3. When using a padded PAR, also complete Item 105 - Social Security Number and Item 110 - Employee Last Name.

4. Complete Appointing Power Signature, Date, Phone and Contact Person on each PAR.

5. When all PAR's have been completed, number each PAR sequentially (in Item 005 – Sequence Number) with the earliest effective date first.

6. Complete item 010 - Document Processing Number (DPN) on each PAR.

7. Attach all PAR's together in Sequence Number order and process as a package.

* Refer to Section 9 for Correction, Void and Out-of-Sequence packages.

Section 5.101 – Immediate Pay Appointment/Separation *1 (rev. 11/92)

PURPOSE/USE

The Immediate Pay Appointment/Separation documentation method is designed to generate pay from the appointment transaction. Immediate payment for a maximum of three pay periods may be requested on this appointment transaction.

For every Immediate Pay Appointment, a Separation Transaction (S31 - Termination Without Fault From Immediate Pay Appointment) must be documented and processed with the appointment as a package.

Differences between the Regular Appointment/Separation method and the Immediate Pay Appointment/Separation method are:

- Regular Appointment/Separation Transactions are processed on a current basis. The separation document generates pay for the pay period of separation.

- Immediate Pay Appointment/Separation Transactions are processed on a retroactive basis. The appointment document generates pay for a maximum of three pay periods on an immediate pay basis.

DOCUMENTATION

To appoint the employee, complete a PAR using the appropriate charts from the Appointment Required/Conditional Index (PAM pages 3.6 through 3.8).

To separate the employee, complete a Padded PAR using the appropriate chart from the Separation Required/Conditional Index (PAM pages 3.200 through 3.203).

Process both transactions as a package.

*1   The <u>REGULAR</u> Appointment/Separation method must be used when:

- Requesting Lump Sum Payment

- Separation transaction code is other than S31

- A transaction is documented having an effective date that falls between the appointment and separation effective dates

Section 5.102 – Deceased Employee (08/98)

PURPOSE/USE

Wages paid to a deceased employee are not subject to either Federal or State Income Tax Withholding. For every S95 Transaction (Separation due to Death) processed via the PAR, an E03, Withholding Allowance Change, must be documented and processed with the separation transaction as a package.

DOCUMENTATION

To separate the employee, complete a PAR using the chart from the Separation Required/Conditional Index (PAM pages 3.258-3.259).

To exempt wages from Income Tax Withholding, complete an EAR per Section E, Part V (PAM pages 6.9-6.10).

Effective July 1, 2006, employees do not have to meet the FMLA/CFRA criteria to be eligible for benefits. The State will continue health, dental, and vision benefits for up to 26 weeks for employees receiving SDI benefits. If an Employee exhausts the 26 weeks of State provided benefits and continues to receive SDI benefits, a new S50 transaction with the effective date of the status change and Separation Reason Code 36 must be entered.

When the employee returns to work process an A03 transaction per instructions in PAM Section 3.42.

If an employee has a qualifying pay period while receiving SDI benefits, process a 715 transaction per instructions in PAM Section 2.90 and 3.136.

Section 5.104 – IRS LOCK-IN LETTERS AND EAR PROCESSING (rev. 05/10)

A lock-in determination letter results when the IRS determines that the amount of income tax withheld from the employee's pay will not adequately cover the employee's tax liability as required by IRS Code Section 3402.

The lock-in determination letter mandates the federal and state marital filing status and maximum number of total allowances that can be claimed by the employee. IRS, via the lock-in determination letter, requires the employer to initiate and maintain corrective measures until otherwise instructed in writing by the IRS.

An employer's failure to comply with a lock-in determination poses significant consequences. The employer is subject to civil and criminal penalties per IRC 6672 and IRC 7202. Compliance penalties may include the employer paying all taxes due, felony conviction with up to five years imprisonment, and personal fines up to $10,000 per occurrence plus payment for the costs of prosecution.

The IRS practice is to send an employer lock-in letter and the employee's lock-in letter with related attachments to the employer. For state employees, the letters are sent to the State Controller's Office who is the tax-reporting agent for state agencies. The State Controller's Office will forward the entire employee package to the employing agency. It is the agency's responsibility to forward the employee's lock-in letter with attachments to the employee immediately. The employee has 30 calendar days from the date of the lock-in letter to contact the IRS regarding her/his tax status.

For an employee who has transferred to another state agency, forward the entire IRS Lock-In letter transmittal package to the employee's new employing agency. If the employee has separated from state service, notify the IRS in writing that the employee is no longer employed by the State of California.

The IRS requires that the mandated filing status and allowances be implemented 60 calendar days from the date of letter. PPSD Personnel Operations will process an E03 EAR transaction on the appropriate date to implement the lock-in on the employee's employment history record. The lock will remain in effect even if the employee separates and later returns. The lock will only be changed or eliminated per a new directive from IRS.

The E03 EAR transaction updates a field titled "LOCK" on the employee's employment history EAR record. PPSD updates the EAR "LOCK," "FEDERAL: MARITAL," "FEDERAL: TOTAL," "SPECIAL: MARITAL," and "SPECIAL: REG" fields per the IRS lock-in determination letters.
Any exempt from withholding / non-taxable wages indicator is also deleted; however, any federal and state additional tax deduction amount continues. The values in the "LOCK" field are displayed on the EAR screen and cannot be altered by agencies.

When an IRS mandated lock-in is in effect, the only authorized withholding changes allowed are those which result in an equal or greater withholding amount than the amount generated by the lock-in values.

A new EAR cannot be accepted if the employee is claiming exempt status or a filing status and allowances that result in a withholding amount that is less than the amount generated by the status and allowances displayed in the EAR "LOCK" field. If no lock is in place, "00" will display in the EAR "LOCK" field.

Only PPSD can key tax withholding changes for employees with an IRS Lock. If an IRS Lock is in place, attempts by departments to key federal or state tax withholding changes will result in the audit message "IRS LOCK IN EFFECT – SUBMIT DOCUMENT TO PPSD FOR PROCESSING." This audit message cannot be overridden. To make withholding changes for an employee with an IRS Lock, submit the STD. 686 document to PPSD for processing.

The online paycheck calculator available on the State Controller's Office website at https://www.sco.ca.gov/ppsd_se_paycheck_calc.html can assist with tax calculations. Please be sure to use the appropriate version for the current tax year.

All inquiries concerning IRS lock-in determinations should be referred to the IRS contact contained in the lock-in determination letter.
